team building product

Activity Overview

remote

8 – unlimited

60 – 90 mins

- Participants join their breakout rooms and meet their team
- A team leader is elected who scans the first QR code to download the first round
- Team leaders swipe through the challenges, sharing the task with their team mates
- After completing each round, the elected team leader unlocks a QR code which they 'gift' to their team mates, just like the pass the parcel
- The next leader points their device at their screen to read the QR code and 'unwrap' the next round
- The multi-various challenges are designed to include all skill sets, build remote connection and foster spontaneous improvisation!
- As time fly's by participants find themselves totally immersed in a competitive yet supportive atmosphere
